> **Innovative Frontend Developer** with a passion for building responsive, user-centric web applications. Self-taught with 15+ projects under my belt, demonstrating strong proficiency in modern JavaScript, React, and styling frameworks. Eager to bring clean code and creative problem-solving to a development team.

EXPERIENCE

Freelance Frontend Developer — Jan 2024 - Present

Self-Employed

- Build responsive websites for small businesses and personal brands.
- Translate Figma designs into functional, pixel-perfect interfaces.
- Optimize existing websites for performance and mobile responsiveness.
- Collaborate with clients to gather requirements and deliver solutions on time.

Personal Projects & Continuous Learning — 2023 - Present

Independent

- Dedicated 20+ hours weekly to mastering frontend technologies.
- Built 15+ projects including e-commerce, weather apps, task managers, and portfolio sites.

- Contributed to open-source projects and maintained active GitHub profile.
- Completed certifications in React, TypeScript, and Web Development.
